

CAPABILITY STATEMENT

UEI: USF2SKAAW621 | CAGE CODE: 19TB8

NAICS CODES

- **541519** (Primary): IT Value-Added Reselling
- **423430**: Computer & Software Wholesaling
- **423610**: Electrical & Wiring Supplies
- **423830**: Industrial Machinery & Equipment

ABOUT US

Lloyd Logic LLC provides precision technology acquisition for federal, defense, and municipal clients. We bring engineering discipline to government purchasing, ensuring complex IT and industrial hardware are accurately specified, strictly compliant, and delivered with total accountability.

RELEVANT EXPERIENCE

- Full-stack hardware/software procurement, redundant network deployment, and 26 years of technical programming experience.
- Directed \$3M+ Life Cycle Management (LCM) migrations, modernizing legacy systems in Fortune 500 environments.
- 8 years managing Honeywell Process Control Networks (PCN) and SIL 3 safety systems in critical server environments.
- U.S. Navy Veteran with a proven track record in military database automation and electrical operations.

DIFFERENTIATORS

- IT/OT Focus: Convergence of IT and industrial systems.
- Compliance First: Strict adherence to NIST and federal security standards.
- TAA-Compliant Sourcing: Verified supply chain integrity.
- Engineering-Led Procurement: Led by a U.S. Navy Veteran and former Senior Process Automation

CORE COMPETENCIES

- ✓ **IT/OT Hardware Acquisition**: Factory-direct drop-shipping of commercial servers, rugged networking, and client compute.
- ✓ **Industrial Automation & Process Infrastructure**: Sourcing for PLCs, industrial control networking, environmental enclosures, and sensors.
- ✓ **Perimeter Defense & Secure Edge**: Next-generation firewalls, secure industrial switches, and hardware authentication tokens.
- ✓ **Critical Power & Facility Protection**: Enterprise UPS systems, power distribution units (PDUs), and server rack enclosures.

CONTRACTS VIA PARTNERSHIPS

- **NASA SEWP VI**: (Pending)
- **GSA MAS (8F)**: 47QSWA18D008F (Carahsoft)
- **ITES-SW2**: W52P1J-20-D-0042 (Carahsoft)
